

# Ruth Jefferson Racing

February Newsletter

## February

Welcome! We have been pleased with how our full first season has been going. With 16 winners and plenty of places on the board we are currently operating at a 20% strike rate.

The majority of the string has been consistent all season and, with a bit of luck and some rain we should have a good spring.

*BALLY CONOR on route to a deserved first success on only his second start under Henry Brooke*

*TAYZAR jumping the second last at Kelso before winning his first Novice Chase under Jamie Hamilton*

Thank you

*Ruth & Co*

## SECRETE STREAM

AA lovely horse that has ran in some good races and generally always does his best. He won his first and only start so far this season at Haydock under a good ride from Aiden Blakemore. A small setback has stopped him running again this year but he is cantering away and should be back in March/April

## WAITING PATIENTLY

A Grade one winner last year we were looking forward to trying him over three miles in the King George. Being almost brought down and unseating Brian Hughes were not what we had planned but that's racing. We were pleased with his Ascot Chase 2<sup>nd</sup> on what was effectively his first start this year on ground that was too quick for him.

## SPECIAL CATCH

A great horse he made a lovely start to his season at Wetherby recently finishing second in a good race. His second run on boxing day didn't go to plan but he should be out again when we get some rain

## Theraplate

A Theraplate has joined the team to help speed up the recovery of injured horses and to help those who suffer more from general wear and tear. Hopefully, like the Salt Therapy room it will be beneficial to the whole yard.
